Update of Voter Signature

When you return an Vote By Mail Ballot or sign a petition, your signature is verified against the signature we have on file. If the signatures do not match, your Vote By Mail Ballot may not be counted or your petition may not be accepted. Voters may update their signature by completing a voter registration application. Send all correspondence to the Elections Office.

In order to vote you must present both signature and photo identification. It can be one form of identification, such as a Florida driver license, or two separate forms of identification. If you do not have proper identification you will be allowed to vote a provisional ballot.

POLL WORKER INFORMATION

Join our special group of civic-minded citizens who are ready to serve our community, county and country when elections are scheduled in Madison County. Poll workers perform a valuable community service by assisting voters at the precinct polling sites on Election Day. Poll workers are paid for their service. If you are interested in becoming one of these committed individuals, please complete a Poll Worker Application and return it to the Supervisor of Elections office.

TO BECOME A POLL WORKER YOU MUST:

- Be a citizen of the United States
- Be registered to vote in Madison County
- Be able to speak, read and write the English language
- Have transportation to the polling place and poll worker training sessions
- Be available and physically able to work at the polling place from 5:45 am until after the polls close at 7:00 pm
- Deal with the public in a courteous, patient and professional manner

A poll worker must be available for training. Florida Statute requires that a poll worker receive a certain number of training hours, depending on the position they are working, before each election. These classes involve training on proper Election Day administration and operation of the voting equipment.

The number of poll workers needed for each election is determined by the size of the election and the expected turnout. Not every poll worker applicant will work every election.

If this sounds like the type of opportunity you would want to pursue we would love for you to join our team.

The role of a poll worker is the cornerstone of our democratic process, and your interest is appreciated. We look forward to hearing from you.

VOTING MACHINE

After you sign in at the polling place:

The Imagecast Evolution (ICE) by Dominion Voting, will be used within all of our precincts. This voting machine provides voters with all they need to cast their vote. The Imagecast Evolution is 2 machines in one. It offers both optical ballot scanning and ballot marking.

Paper Ballots

After receiving a paper ballot, take your ballot to the privacy booth where you vote by filling in the oval next to your choice of candidate or issue. If you wish to vote for a write-in candidate, you must write in the name of the candidate and fill in the oval next to the name for the write-in vote to count.

Make sure that the oval is filled in completely.

Take your ballot (inside the secrecy folder provided) to the ICE tabulator. Insert your ballot into the slot of the ICE tabulator. After the ballot drops into the ballot box, leave your secrecy folder with the ballot box attendant and exit the polls.

Electronic Ballots Are Available For Those Voters with Disabilities

The Help America Vote Act (HAVA) requires all jurisdictions to have one tabulator in each precinct so voters with disabilities may vote in secret and without assistance.

After you sign the precinct register and have been given a ballot, proceed to the ICE tabulator. Hand your ballot to the ICE clerk who will assist you with instructions and setting up the tabulator.

Primary Elections & Universal Primaries

Florida is a closed primary state. If you wish to register to vote in a partisan primary election, you must be a registered voter in the party for which the primary is being held. All registered voters, regardless of party affiliation, may vote on issues and nonpartisan candidates.

However, Article VI, Section 5(b), Florida Constitution, provides that if all candidates have the same party affiliation and the winner will have no opposition in the general election, all qualified electors, regardless of party affiliation, may vote in the primary election for that office.

Nonpartisan judicial and school board offices, special districts and local referendum questions are included in primary elections. All registered voters, including those without party affiliation and minor political party voters are entitled to receive and vote these ballots.

At general elections, all voters receive the same ballot and may vote for any candidate or question on the ballot.

ASSISTANCE IN VOTING

Florida statutes prohibit anyone from being with the voter when he/she casts their vote unless the elector has previously requested assistance (such as when registering to vote).

If you have not previously requested assistance, you must complete an affidavit before anyone can accompany you into the voting booth.

Additionally, electronic voting is available for voters with disabilities.

What to Expect on Election Day

If a voter chooses to cast a ballot on Election Day, he or she must go to their assigned precinct. Call the Supervisor of Elections Office at 850- 973-6507 to verify your correct polling location. Voting should be a quick, satisfying experience if you follow a few simple steps. Here are some tips on what to expect at the polls on Election Day: First, a voter should notify a poll worker should he or she need assistance to vote. A voter may bring someone to the precinct location for assistance or a request can be made to the poll worker to provide assistance.

Be sure to bring your picture and signature ID - such as a Florida Driver's license - to the polls with you. To ensure a quick process, any changes to your name and address since the last election should be updated with the Supervisor of Elections office prior to Election Day. If you do not show a valid picture and signature ID, you must vote a provisional ballot. If the signature on record at the Supervisor of Election office matches that on the Provisional Ballot Certificate, the canvassing board will accept the ballot. When you arrive at your precinct, a poll worker will ask to see your picture and signature ID, find your name and ask you to sign for r your ballot. It is important that you review your ballot for accuracy prior to casting your ballot. Once the voting equipment has accepted your ballot, no further changes or corrections can be made.
Florida Statute 101.043 requires photo and signature identification at the polling place.

Florida Driver's License
Florida ID card issued by the DHSMV
Military Identification
Retirement Center Identification
Neighborhood Association Identification
Public Assistance Identification
Concealed Weapon License
United States Passport
Debit or Credit Card
Student Identification

Do You Need to Update Your Signature?

As we get older our signature begins to change and so many things are now verified by signature that it is very important to keep yours updated. If you vote by Vote By Mail Ballot or sign a petition for a candidate or an issue, your signature will be verified with the signature we have on your voter registration record. If your signature has changed and you fail to update that with us, then you risk your Vote By Mail Ballot being questioned by the canvassing board or your petition being rejected due to a signature difference. If due to health reasons you are no longer able to sign your name, please contact our office so that we may explain the proper procedure for documenting such. This will ensure that a voter's registration record is accurate before the next election. If you have any questions concerning your registration record or would like to update your signature, please contact the elections office at 850-973-6507.

Do We Have Your Correct Address?

Move the Vote™

Have you moved since you last voted? Florida Statutes states that you must vote in the precinct with which you reside. If you have any questions concerning your registration record or would like to update your address, please contact the elections office at 850-973-6507.

"Madison County's Voting System"

How to Mark Your Ballot
How to Make Your Vote Count

Your voting system uses an optical scanner to read your ballot.

CORRECT

You must completely fill in the oval for your vote to count.
Any other mark may not be read by the scanner.

INCORRECT

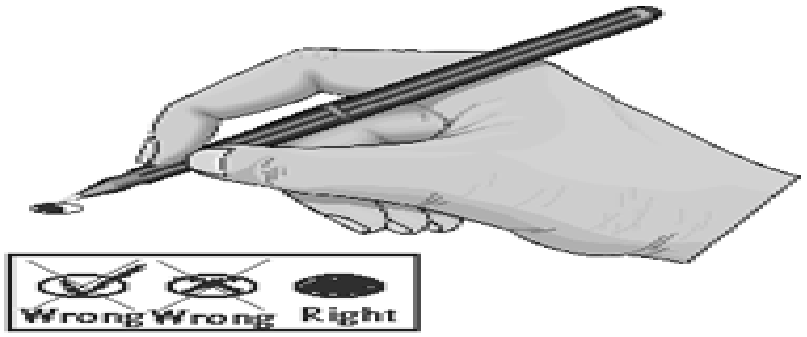

Please do not use a check mark, mark the oval with an x, or circle the oval.

Marking your ballot at the Polls:

Remember to:

- ✓ Completely fill in the oval next to your choice.
- ✓ Make certain there are NO stray marks inside other ovals.
- ✓ Use only the PEN provided at your polling place or a # 2 pencil.
- ✓ Read the ballot carefully, make sure you have not over voted, if the race states "Vote for One" be sure that you have only filled in one oval in that race.
- ✓ Review both sides of the ballot. Once your ballot is deposited in the tabulator you cannot be issued another ballot.

How to Vote Your Vote By Mail Ballot

Examine your ballot and read the ballot instructions carefully before voting. Be sure to vote both sides of your ballot. Using only black or blue ink or a #2 pencil, completely fill in the oval next to the left of your choice like this:

- Do not vote for more candidates than the number allowed in each race as indicated by the "Vote for" statement (for example: "Vote for One") or your vote in that race will not count.
- DO NOT: sign your name on the ballot
- DO NOT: use tape to repair a damaged ballot
- DO NOT: tear or cut any portion of your ballot
- DO NOT: erase any markings, if you change your mind about a choice you have made, please call the Supervisor of Elections office and ask for another ballot
- DO NOT: make any stray marks on your ballot
- DO NOT: circle the oval or the candidate's name, you must completely fill in the oval next to your choice
- DO NOT: mark the oval with checkmarks, X's, or dashes

If you do any of these things, or change your mind about your vote in a race after you have marked your ballot, don't hesitate to ask for a new ballot. Otherwise your vote may not count.

You do not have to vote in every race on the ballot. Only mark the races in which you would like to vote, you may leave all other races blank. The races that you have marked will be tabulated. If you vote for more than one candidate in a race that states "Vote for One" only that contest will be affected; any other contests in which the allowed number of candidates are selected will be counted.

If there is a write-in line provided in a race and you wish to vote for a candidate whose name is not printed on the ballot, fill in the oval and write in the candidate's name on the blank line provided. Votes for non-qualified write-in candidates will not be tabulated.

Be sure you sign the Voter's Certificate located on the backside of the return envelope. The Supervisor of Elections office verifies each and every signature on a returned Vote By Mail Ballot. If you feel your signature has changed and needs to be updated please call the elections office at 850-973-6507 so that a Signature Update card can be mailed to you immediately. If your signature does not match the signature of record, you risk your Vote By Mail Ballot not being counted.

Those individuals holding a Power of Attorney for someone may NOT sign the Voter's Certificate of an Vote By Mail Ballot. If the voter is unable to sign their signature, please contact the Supervisor of Elections office for instructions on updating the voter's signature to an "X" as their mark and the proper way to document the "X" on an Vote By Mail Ballot.

All Vote By Mail Ballots must be received in the Supervisor of Elections office no later than 7:00 pm on Election Day. Vote By Mail Ballots that are postmarked on election day or prior but not received before the 7:00pm Election Day deadline will not be tabulated unless they are overseas military being cast during a federal election.

If you are interested in becoming a Poll worker come by the elections office or call 850-973-6507, for an application.

Your Political Party

You may choose to register in a political party or to register with no party affiliation. Registration in a political party enables you to vote in that party's primary only, and in nonpartisan and general elections.

However, Article VI, Section 5 (b) Florida Constitution, provides that if all candidates have the same party affiliation and the winner will have no opposition in the general election, all qualified electors, regardless of party affiliation, may vote in the primary election for that office.

School board members run by district and are now nonpartisan, meaning that all registered voters in the district are entitled to vote in this race regardless of party.

Book Closing

The book closing date is the statewide deadline to register to vote, or to change your political party for any election if already registered. Book closing is 29 days prior to an election. For first time voters in Florida, or requests for party changes, a completed voter registration form must be in the Supervisor of Elections' office, or postmarked, by the book closing date. If you have relocated to a new address within Florida, register that address with the Supervisor of Elections' office as soon as possible.
When the registration books are closed for an election, updates to a voter's name, address, and signature shall be the only changes permitted for purposes of the upcoming election. Voter's registration applications and party changes must be accepted but only for the purpose of subsequent elections.

Closed Primary

By law, Florida is a closed primary state, in a primary election, voters may only vote for candidates in their party of registration. By not selecting a party when you register, your vote is limited in the primaries to nonpartisan races and issues. In the general election, you may vote for any candidate, regardless of party preference.

Absentee/By Mail Voting

If you are a qualified voter in the state, you are entitled to vote an Vote By Mail Ballot. Requests can be accepted *only* from the voter, a member of the voter's immediate family or legal guardian. Immediate family means the voter's spouse or the parent, child, grandparent, or sibling of the voter or of the voter's spouse. Your request may be by mail, phone, or in person at the Supervisor of Elections Office. Voters can return an Vote By Mail Ballot to the elections office, either *in person* or by *mail.* An Vote By Mail Ballot must be received no later than 7:00 p.m. on Election Day. A voted Vote By Mail Ballot cannot be accepted at a polling precinct.
